Benefiting
Tunnel to Towers Foundation

East Lake Woodlands Country Club, Oldsmar, FL

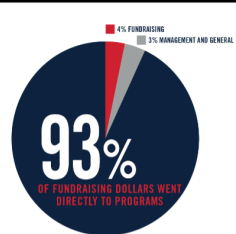

BENEFACTOR PROGRAMS AND FINANCIALS

Smart Home Program: Tunnel to Towers Foundation builds mortgage-free smart homes for our most catastrophically injured veterans. Each home is designed to address the unique needs of each individual. Smart homes host a myriad of features such as automated doors and lighting, wider halls and doorways, special showers to accommodate wheelchairs, automatic door openers, cabinets, counters, and stove tops that can be raised and lowered, back-up generators, and central heating and air conditioning systems that can be controlled by tablets. These homes help our most severely injured veterans to reclaim their day-to-day independence.

Fallen First Responder Home Program: Tunnel to Towers Foundation is committed to ensuring we never forget the events of 9/11 and the sacrifices that were made and continue to be made by our first responders in the line of duty. Through the Fallen First Responder Home Program, Tunnel to Towers aims to pay off the mortgages of fallen law enforcement officers and firefighters killed in the line of duty that leave behind young children. Announced in 2021, the Foundation will pay off the mortgages of first responders who have died from 9/11 related illness and leave behind young children.

Gold Star Family Home Program: The Gold Star Family Home Program, launched in September 2018, honors the legacy of those who made the ultimate sacrifice while serving our country. The Foundation will provide a mortgage-free home to surviving spouses with young children.

COVID-19 Heroes Fund: Tunnel to Towers Foundation is pledging to support frontline health care workers by providing meals, personal protective equipment (PPE) and, should tragedy strike, financial relief through temporary mortgage payments on homes of health care workers who lose their lives and leave behind young children. The Foundation's COVID-19 Heroes Fund started with a pledge of \$3 million and has now reached \$4.5 million thanks to the generosity of our donors. Their goal of the fund is \$10 million in support of our nation's frontline health care workers.

Tunnel to Towers keeps fundraising and administrative costs at a minimum, with only a small percentage of funds allocated to overhead expenses. For the past several years, the Foundation's program service percentage on average was 93% – 93 cents out of every dollar goes directly to our programs and services.

Since its inception Tunnel to Towers Foundation has committed to practicing sound fiscal management, organization efficiency, and program integrity. T2T has received a four-star rating from Charity Navigator, the country's largest and most-utilized independent evaluator of charities.
